LOSS OF THE NATION.

Messages of Condolence Pay Tribute to the Dead Vice President.

FAMILY DELUGED WITH THEM

President McKinley and Official Washington Make Ready to Attend the Funeral of the Honored Dead.

Paterson, N. J., Nov. 22.—The public funeral services over the remains of the late Vice President Hobart will be conducted by the Rev. Dr. Magie, pastor of the Church of the Redeemer (Pres. Placid), and the interment will be in Cedarvale cemetery.

President McKinley and members of the cabinet, together with the United States supreme court and distinguished officials at Washington, will arrive at Paterson on a special train about noon on Saturday. They will be received at the railroad station by a delegation of officials and citizens of Paterson and other places in New Jersey.

Many buildings in the city have been draped with black, and during the funeral on Saturday business will be generally suspended.

Several organizations with which Vice President Hobart was connected passed appropriate resolutions regarding his death. During the day telegraph messages frequently arrived at Carroll Hall with messages of condolence to Mrs. Hobart from prominent persons in this and other countries.

The body of the vice president will not lie in state at the City hall, but the public will be afforded an opportunity to view the remains at Carroll Hall, on Friday afternoon between 4 and 6 o'clock.

The remains will be in a solid English quartered oak casket, with plain silver trimmings. The following inscription will appear on a silver plate: "1884—Garret A. Hobart—1899."

Mrs. Hobart, who had been worn out by her long vigil at the bedside of her late husband, the vice president, was feeling so much better that she was able to assist Attorney General Griggs, her husband's law partner, Albert A. Wilcox and Private Secretary Evans in the preparations for the funeral of Mr. Hobart Saturday afternoon. The attorney general informed the family that President McKinley would attend the funeral.

Regarding Mr. Hobart's wealth, it is related that shortly after the election of 1896, in reply to questions by friends, he said that he could only give a guess, that he was connected with a great many concerns and a director in over 60. If his stock could be disposed of for what it was worth, he thought it would bring between \$2,000,000 and \$3,000,000, while at a sacrifice sale, it would not amount to half that. The life insurance policies on Vice President Hobart's life aggregated about \$350,000.

To Attend the Funeral.

Washington, Nov. 22.—The diplomatic body in Washington is not to be formally invited to attend the funeral of the late Vice President Hobart, a study of the precedents in such cases being against the invitations. They will receive each a simple note announcing the demise of Mr. Hobart. The sergeant-at-arms of the senate has received notice from senators who will attend the funeral, meeting for that purpose in New York. Members of the supreme court and many congressmen will attend.

Interstate Commerce Law.

Chicago, Nov. 22.—Important amendments to the international commerce law were approved at a conference of representatives of over 30 national industrial and manufacturing associations, merchants and shippers. Arrangements have been made to have Senator Cullom introduce the bill in the senate. The bill demands a uniform classification of rates, and calls for an important extension of the powers of the interstate commission to prevent all kinds of discriminations in favor of manufactured product as against the raw material.

Smothered by Gas.

Savannah, Ga., Nov. 22.—David Perdue and Daniel Pope, two Confederate veterans from Adrian, Jefferson county, this state, who came here to attend the reunion of the Georgia division of Confederate veterans, were found dead in their room. They were stopping at a private boardinghouse, and either blew out the gas or it was turned on after they had retired.

London, Nov. 22.—The preliminary trial of the Turbine torpedo boat Viper was successful. She developed a speed of 32 knots. The official trials will follow in a few days.

NATIONAL GRANGE.

Merchant Marine Thoroughly Discussed and Officers Elected. Springfield, O., Nov. 22.—The session of the National Grange was taken up in the discussion of the merchant marine question, many of the delegates being in favor of the suggestion that the government construct a large merchant marine.

Officers were elected by the grange as follows: Master, Aaron Jones, South Bend, Ind.; overseer, Obadiah Gardner, Maine; lecturer, N. J. Bachelder, East Andover, N. H.; steward, J. A. Newcome, Golden, Colo.; assistant steward, W. C. Jewett, Worcester, Mass.; treasurer, Mrs. E. S. McDowell, Columbus, O.; secretary, John Trimble, Washington, D. C.; chaplain, S. O. Bowen, Eastford, Conn.; gatekeeper, H. E. Huxley, Neenah, Wis.

Insane Priest Escapes.

Cincinnati, Nov. 22.—Father Dominick O'Grady escaped from the Long View hospital, at Carthage, O., where he has been confined as a lunatic. Father O'Grady startled the community a few years ago by shooting on the street Mary Gilmartin, a girl, who, in Ireland, had repelled his advance as a lover. An inquiry developed that he was insane, and he was committed to Long View hospital. He escaped by picking his lock, breaking through a glass door that gave him access to the basement.

New Incorporations.

Columbus, O., Nov. 22.—Marietta Milling company, Marietta, \$10,000; Lorain Street Railway company, Lorain, increase from \$20,000 to \$75,000; Curtice Macabees company, Curtice, \$1,250; Shipperd Manufacturing company, Cleveland, \$10,000; Versailles Overall company, Versailles, \$10,000.

Pesthouse Threatened.

Findlay, O., Nov. 22.—Miss Baker, the smallpox patient, was removed to the pesthouse. Neighbors near the improvised hospital threatened to blow it up with dynamite, if it was used as a pesthouse, and a strict guard is being kept to prevent any such outrage.

Postoffice Robbed.

Ashtabula, O., Nov. 22.—Burglars entered the postoffice at Simons, this county. Money, stamps and registered letters were stolen. The loss can not yet be estimated as it is not known how much the registered letters contained.

To Meet in Ohio.

Memphis, Nov. 22.—The executive committee of the Women and Young Women's Christian association decided to hold the next biennial conference at Cleveland, O., in 1901.

Fatally Injured.

Butler, O., Nov. 22.—Charles McCoy, 14, was perhaps fatally injured by the accidental discharge of a gun in the hands of his elder brother John, while out hunting.

Hon. John Sherman Ill.

Washington, Nov. 22.—Hon. John Sherman has been quite ill for the past 10 days, caused by an attack of bronchitis that has confined him to his bed since last Saturday a week. It was not generally known that the venerable statesman was ill, but as soon as the information became current there were many anxious inquiries as to his condition. It was feared that he might be again the victim of the serious attack that prostrated him while on an ocean trip to the coast of Cuba less than a year ago. The patient is reported better.

Trainmen Get an Advance.

Cleveland, Nov. 22.—Representatives of the trainmen of the Lake Erie and Western railroad were in conference here with the officials of the company in reference to the demand made by the men for a general advance in wages. It is understood the company has already agreed to an advance, and that the question now under consideration is merely as to the manner the increase shall be graded among the men.

Prohibition in Georgia.

Atlanta, Nov. 22.—The Willingham bill, providing for state prohibition, was passed by the house of representatives, O. the general assembly of this state after the most exciting debate in the house in years. If the bill passes the senate and becomes a law it means the annihilation of the saloons. Every plant for the brewing of beer or the manufacture of whisky must be closed down.

New York, Nov. 22.—The Cromwell line steamship Hudson, which arrived at her pier in North river from New Orleans, is apparently on fire. Smoke can be seen issuing from the vessel. Two of the company's tugs with lines attached to the steamer apparently are ready to haul her into midstream. The steamer's cargo is composed of cotton and molasses.

OVERRUNNING NATAL.

Boers Assuming Aggressive Tactics in the British Domain.

VERY CAPITAL THREATENED

Estecourt Now Completely Cut Off and Demonstrations Made Before Pietermaritzburg—Awaiting English Advance.

London, Nov. 22.—There has, apparently, been no communication with Estecourt, Natal, since noon Tuesday, and the Boers now control the railroad thence to the Mool river. Consequently momentous developments may be expected at any time. The Boers, it seems, are swarming southward. Large bodies of them are reported all around Estecourt, and parties of Boers appear to be threatening Pietermaritzburg.

The Boers encamped at Highlands station are well supplied with artillery, and all evidence tends to show that the various Boer forces are being largely

LIEUTENANT GENERAL SIR C. F. CLERLY. (Commanding Second division in First army corps.)

increased by accessions from the disaffected Cape burghers.

The serious deficiency in cavalry is being felt by the British, who are unable to keep in touch with the mobile Boer forces, whose presence is hardly reported before they were lost sight of, only to reappear at another vital point along the line of communication. General Hilyard's force, anchored at Estecourt by the naval guns, can do little but wait an attack until General Clerly's column is capable of taking the field.

Advices from Orange river show that the Boers occupy Belmont in force, and that the neighboring hills are crowned with Boer cannon. A patrol of Lancers which has returned to Orange river came unexpectedly on two Boer laagers. Three shrapnel shells burst close to the Lancers, who, however, were unharmed.

About 35,000 of General Buller's army corps have now arrived in South Africa.

Various officials of the British admiralty have been interviewed regarding the London Daily Chronicle's bad beef assertions, and they say they have not received a single complaint as to the quality of food furnished on the transports.

Kentucky Woman Besieged.

Henderson, Ky., Nov. 22.—Mrs. Nancy Huston Banks, formerly of this city, the essayist and novelist, is at present the guest of Cecil Rhodes, in the beleaguered city of Kimberley, South Africa. She is there as a correspondent of a London paper, and is in camp with Miss Amalia Kussner of New York. These persons are on starvation rations.

Estecourt Cut Off.

Durban, Natal, Nov. 22.—A dispatch from Mool river says the telegraph line was cut off Tuesday evening near Highlands station. The dispatch adds that the railroad station is in the possession of a large force of Boers. A train bound to Estecourt returned. It only got a mile and a half northward of the Highlands station.

Mules For South Africa.

New Orleans, Nov. 22.—The British transport, Manchester City, sailed from this port for Cape Town. She carries 2,000 mules, to be used in the South African campaign.

Washington, Nov. 22.—The navy department has awarded the contract for the dry dock at League Island navy yard, Philadelphia, to the Atlantic, Gulf and Pacific company for \$782,000.

DEWEY'S HOME.

The Admiral Makes a Statement Regarding the Transfer.

Washington, Nov. 22.—Admiral Dewey talked freely regarding the transfer of his house. He expressed the keenest regret, indignation, sorrow and resentment at the manner in which the information that he had deeded his home to his wife has been received.

"I would never have believed it possible," said Dewey, with tears in his eyes, "that the American people, who made such a hero of me two months ago, could have in this brief period so turned upon me as to fill columns of the papers with the worst sort of abuse."

"When I accepted this house I thought it was a gift. I did not know that the people who contributed the money to buy it gave it to me with a string tied to it, or I never should have taken it. I owe a great deal to the American people, and, perhaps, the American people owe something to me. But, thank God, the American people don't own me and I am still independent."

Loving Cup For Schley.

New York, Nov. 22.—A solid silver loving cup was received at Tompkinsville, Staten Island, for Rear Admiral Winfield Scott Schley. It came from the citizens of St. Louis, and was sent out to the admiral's flagship, the Chicago, which is lying off the government anchorage.

Dewey Home Transferred.

Washington, Nov. 22.—The deed transferring the Dewey home from Admiral and Mrs. Dewey to the admiral's son George was recorded in the office of the recorder of deeds. A life interest in the property is reserved by Admiral Dewey and his wife.

Retirement of Major Volkmar.

Washington, Nov. 22.—Major William J. Volkmar, assistant adjutant general, has applied for retirement, thereby creating one of the most desirable vacancies that has occurred in the staff of the army for a long time. Over 200 applications have been filed for Volkmar's vacancy before it became generally known in the army that any retirement was about due. Major Volkmar is now attached to the headquarters of the department of the lakes at Chicago.

A Drunken Border Row.

Washington, Nov. 22.—At the war department it is stated that information received from the department of Texas is to the effect that the trouble at Fort Ringgold is nothing more than a drunken border row. The secretary of war has sent a dispatch to Governor Sayres in reply to the demand for the removal of the troops, saying that the department had already taken measures to preserve peace and restore order. The troops will not be removed.

With a Shipwrecked Crew.

Baltimore, Nov. 22.—The Donaldson line steamship Lokania, Captain McNeill, arrived at this port with the crew of the British steamship Manchester Enterprise, which foundered on Nov. 15, 480 miles southeast of Cape Race. The rescued number 53, of whom nine are cattle men returning from Liverpool. The Enterprise sprung a leak during a severe gale on Nov. 13.

Historic Farm.

Pottstown, Pa., Nov. 22.—The famous Warwick farm of 515 acres, in Warwick township, Chester county, has been sold for \$12,000. On this property the old Warwick furnace, probably the first to make iron in the United States, was put into blast about the year 1730, and here many of the cannon used by the patriot army in the revolution were cast.

May Get Together.

Pittsburg, Nov. 22.—The nonpartisan Woman's Christian Temperance union appointed a committee to revise the national constitution, and decided to have an exhibit at the Paris exposition. The question of a reunion with the Woman's Christian Temperance union is held in abeyance, pending the arrival of a letter from Mrs. L. M. N. Stevens of Chicago.

Reached a Settlement.

Budapest, Nov. 22.—A settlement of the long-standing quota difficulties between Austria and Hungary has at length been reached, and identical bills will be submitted to the Austrian and Hungarian parliaments fixing the contributions to the joint state expenditures, respectively, at Austria, 65.6 per cent; Hungary, 34.4 per cent.

Beer and Adulterations.

New York, Nov. 22.—The sitting in this city of the senate committee on food adulteration, Mr. Mason of Illinois presiding, is finished. The day's session was devoted to the hearing of a brewer's statement that no deleterious article is used in the manufacture or for the preservation of beer.

HOT ON THE TRAIL

General Young Has Located the Fleeing Aguinaldo.

STRIKING INLAND JUST NORTH

Only a Small Party Accompanying the Willy Insurgent Leader.

AMERICAN CAVALRY GIVING CHASE.

Sharply Engage the Retreating Rear Guard of the Filipino Chief. Whereabouts of the Northern Insurgent Army a Mystery.

Manilla, Nov. 22.—General Young reports that Aguinaldo, with a party of 200, including some women and a few carts, passed Aringay, on the coast, between San Fabian and San Fernando, on Friday, Nov. 17. The general adds that Aguinaldo probably intended to strike inland through the Biqua mountains, towards Bayombong, in the province of Nueva Viscaya.

General Young, with cavalry and Macabebes, is pursuing the Filipino leader, part of the American force taking the direction of San Fernando. In a fight with Aguinaldo's rear guard, at Aringay, one Macabebe was wounded, and the insurgents retreated. Their loss is unknown.

Generals Otis and Schwan think that within 24 hours we will control the Manilla-Dagupan valley. The occupation of this territory is no more of a mechanical than a military problem. The railroad repairs will be rushed. New rails will be laid and the bridges raised. The railroad will be operated throughout in a short time.

The general opinion here is that we have gained a tremendous advantage over the insurgents. Commercial men hope that the valley will be quickly and permanently garrisoned, and that agricultural interests will be protected.

It is impossible to say how large a force Aguinaldo has been able to hold together, or whether, after the losses of the railroad, people in the north will still support him.

This whole movement has shown the advantage of cavalry for expeditious operations in the Philippines. The fall campaign has been remarkably vigorous. It is believed here that Aguinaldo's retreat to the north in no way affects the confronting insurgent force south of Manilla. The insurgents never intended to hold the alleged capital at Tarlac as a permanent capital, as it was only slightly fortified. They also claim that the railroad bridge was left intact, while much rolling stock was burned and destroyed, indicating that a rapid retreat was made several weeks back.

It is also a fact that our circle of troops has been closed up so far without material resistance, except in the region of the escape to the north, near Wheaton's column. The captured supplies, too, have proved insignificant, compared with those that would be required. Aguinaldo's supposed army in this valley was estimated at from 10,000 to 20,000 men. Their known large quantities of artillery are still unaccounted for.

General Otis' Dispatch.

Washington, Nov. 22.—A dispatch received by the war department from General Otis at Manilla does not yet make it appear that efforts to capture Aguinaldo and the larger portion of his army will be successful. The intention of General Young to prevent Aguinaldo reaching Bayombong seems evident, but this seems scarcely probable now. No alarm is felt regarding the situation of General Wheaton, as he has been for some time beyond telegraphic communication. Operations are also progressing in the islands south of Luzon.

Charges Against a Minister.

Cincinnati, Nov. 22.—Twenty-six members of the board of control of the Epworth league, which is the young people's organization of the Methodist Episcopal church, are here in executive session with Bishop W. X. Ninde presiding. It is generally understood that an investigation will be made in the case of the Rev. Edwin Schell, secretary of the league, who has been fiercely assailed for a transaction, whereby he is said to have received a percentage of the royalty paid by the publishers to Professor Exell for his song books.

WEATHER FORECAST FOR KENTUCKY—Fair Thursday, preceded by showers in eastern portion; cooler; Friday fair; south to west winds.

"No Trusts," "No Foreign Alliances," "No Imperialism for the United States," is to be the battlecry of the Democrats in the coming National campaign.

The salt trust pays the Pomeroy manufacturers only 57 cents per barrel, while the trust sells it for \$1 per barrel, a net gain of 47 cents. That shows how the combines get in their "beneficent" work.

The glass and iron trusts have thrown 4,000 employes out of work by shutting down factories at Wheeling. Mark Hanna's "benevolent organizations" don't care a snap whether those workingmen and their families have to go hungry and cold this winter.

THE BULLETIN was told Wednesday that a determined effort will be made to lynch Dick Coleman, the brutal murderer, as soon as he is brought back to this city. We do not know whether the statement is true or not. For the good name of the county of Mason we hope it is not true. Coleman's crimes were fiendish in the extreme, but his conviction and prompt execution will speedily follow. There will be no attempt at quibbling over technicalities, or to delay the swift punishment the law prescribes. Let that penalty be meted out by the proper authorities.

CHICAGO Nov. 21.—The Standard Oil Company yesterday advanced the price of crude petroleum 2 cents in the Pennsylvania field and 1 cent in the Lima field, making the quotation for the Pennsylvania product \$1.58 per barrel and for Ohio \$1.07. The advance was the latest of a series extending over a period of three months, during which time the Standard has increased the price nearly 40 cents a barrel. The present prices are the highest in four years. Throughout the oil fields it is believed higher figures will be reached.

The editor of the Lexington Leader need no longer wonder what has caused the increase in the price of oil. The Standard Oil trust no doubt contributed heavily to the Republican campaign fund in Ohio this fall, and the gang is now making the people of the country foot the bills.

The men who stuffed the ballot boxes in Philadelphia for the Republican ticket have been arraigned and held for the action of the grand jury. The question now is can the great Republican machine of the Keystone State, Boss Quay, chief engineer, save them. The men were committed. Judge Gordon said:

If they do not go to the penitentiary—if one goes back to the Congressional Library, if one goes back to the Coroner's office and if one goes back to the capital as Lieutenant of Police—then I say, God save the Commonwealth, God save the United States, for human laws and human Magistrates can not do it.

Kentucky Republicans are letting out an awful howl about alleged political corruption in this State, but nary a word have they to say about this plain case of Republican fraud in Pennsylvania. It's all right with them so long as they get the benefit of the frauds. Let all corruptionists be promptly punished. That's the only way to put a stop to the nefarious work.

At Greenup injunction proceedings have been begun against Louis Nichols, John Rigg and John T. Williams, election commissioners, to compel them to meet and certify to the vote cast at Schultz and Leatherwood precincts for Clifton J. Pratt. The election officers at these two precincts failed to certify the vote for Mr. Pratt, and in this way he lost about 300 votes. At Leatherwood precinct the vote for John C. Wood, Republican candidate for Railway Commissioner, was not certified, but as Mr. Wood has a safe majority no action is to be taken in his case. There appears to be no end to this injunction business on the part of the Republicans. The commissioners were not at fault in this Greenup County case, nor were they in the Lewis County muddle. They have certified the vote as it was returned to them. If a few election officers were fined heavily for failure to do their duty, there would be few cases like the ones referred to.

CHENAULT-BURGESS

A Pretty Wedding Solemnized Wednesday at High Noon.

Prominent Madison County Gentleman Claims One of Maysville's Fair Daughters for His Bride.

The marriage of Miss Lida J. Burgess to Mr. John B. Chenault, of Richmond, Ky., was quietly solemnized at the home of her parents at high noon Wednesday. Promptly at the hour named the bridal party entered the rooms to the strains of Lohengrin's wedding march, played by Miss Olivia Baldwin, of Richmond. The attendants were Miss Sallie Burgess, youngest sister of the bride, and Mr. William Hume, a friend of the groom.

The bride was handsomely gowned in Oxford grey, with hat to match, and carried a large bouquet of white roses. She is a daughter of Mr. and Mrs. Joshua B. Burgess, of this city. Her lovable character and sweet disposition have endeared her to all who have been so fortunate as to know her and her departure from Maysville is sincerely regretted by her wide circle of friends.

Miss Sallie Burgess, her attendant, looked charming in a stylish coat suit. She carried Bridesmaid roses.

The house was beautifully decorated in palms, ferns and chrysanthemums, and in the library a great number of handsome presents testified to the love for and popularity of the happy couple.

After the beautiful and impressive ceremony which was performed by Rev. E. L. Powell, of Louisville, congratulations were showered upon the happy couple, and then all repaired to the dining room where a sumptuous three-course dinner was served. The bridal table was beautiful with its cutglass and flowers.

The newly wedded pair left on the 1:33 C. and O. train for a two weeks stay in New York, returning by way of Washington where they will spend a few days also.

In the receiving line were Mr. and Mrs. J. B. Burgess, Mr. and Mrs. John Everett, Mr. and Mrs. Carroll Asbury, Mr. and Mrs. J. A. Fillmore, Miss Christine Cromwell, of Cynthiana, and Miss Anne Burgess, of Ft. Worth, Texas.

Those present from a distance were: Mr. and Mrs. T. D. Chenault, Sr., Mr. and Mrs. T. D. Chenault, Jr., Mr. and Mrs. Harvey Chenault, all of Richmond; Miss Mollie McKrell and Miss Maudie Evans, of Ripley; Mr. H. Fillmore, of Cincinnati, and Mr. and Mrs. Nelson Gay, of Winchester.

HANNA'S GRIP

On President McKinley Is Too Strong For Any Possible Chance of Escape.

[New York Herald.]

It is said that many of the influential Republican leaders are tired of Hanna's rampant defense of the trusts and are urging upon the President the necessity for his retirement as the active leader of the Republican party.

The President will not retire Hanna. He is a strident and vociferous incarnation of Republican instincts and Republican doctrines.

The Republican party of William McKinley cannot do without him. No one else stands so well for imperialism and bossism in politics. At the smaller end of the party megaphone he is unsurpassed.

It will be as impossible for William McKinley to break away from his ringmaster as it would be for a cataleptic to combat the will of a mesmerist.

Without mentioning the feelings of the President himself, it is doubtful if there is a man in public life more enthusiastically damned by Republican leaders than Mr. Mark Hanna.

He has held up nominations from States in which he never set his foot. He has opened the veins of bills important to States other than his own and allowed them to bleed to death in House and Senate. No Republican leader loves him; all Republican leaders fear him.

The fact that McKinley appointed ex-Governor Fifer, of Illinois, as Interstate Commerce Commissioner to succeed Mr. Calhoun, instead of Judge Paxson, the Hanna candidate, is pointed to as evidence that the President is becoming tired of Hanna's curb.

However tired he may grow, we venture to predict that when the whip cracks in the next Republican convention Hanna will yield it, and the other party leaders will dance to its music.

Forty thousand acres of land to be included in the new settlement will be represented at the meeting. About \$50,000 has been invested in mills and dwellings already on the site of the proposed new town and \$200,000 is promised for future developments.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store every bottle guaranteed.

THE "COUNTY FAIR."

Novel Entertainment at the Y. M. C. A. Opens This Afternoon and Closes Friday Night.

This afternoon the County Fair opens. It will be a mid-winter, or more properly speaking an ante-winter festival, which should draw a large crowd. The different denominations are in hearty rivalry and the prospects for a beneficial result are most flattering.

The gymnasium has been converted into booths beautifully draped in bunting, curtains and flags. Avenues and lanes are left to allow free passage of all, while the nooks and corners are taken up with shooting gallery, "fakes" and amusements. The amusement room, reading room and parlor have been given over to displaying the many articles, wares and sales tables which will offer dainty pieces in fabrics and tempting bits in goodies. The mystic maze will be in the parlor, its gruesome sombreness, its heretofore pellucid air will be foggy with myths, groggy with haze and so peculiar in affection as to statle you, yet you can't stay out. A conductor will be in charge to show you through and the many sights will live in your mind for a long, long time.

The entertainment opens this afternoon at 2 o'clock, continuing till to-morrow night at 10 o'clock. New scenes will be added, new features introduced, so that, like the life of a newspaper man, the daily task is constantly renewing itself with pleasant things and ever-changing associations.

Street cars will run until a late hour each night to accommodate all who wish to attend.

The C. and O. pay car is on its monthly trip this week.

Republicans and Brownites Talk About Using Force to Seat Taylor.

[Cincinnati Post.]

As an aftermath of the meeting held Monday night in Newport, the Republicans and Brown Democrats of Campbell County have decided to send a picket body of twenty citizens to Frankfort, to be present at the official decision in the gubernatorial contest by the State Election Commission.

Covington will also have a delegation. Judge Lucius Desha, of Newport, will select the men from all parties.

According to resolutions passed in Covington and other places throughout Kentucky Monday night the object of the various bodies of men sent to Frankfort is to seat General Taylor as Governor.

They resolved to do this peaceably by preference, but with force if necessary.

It is said that Campbell County's representatives will be chosen with pluck as a qualification as well as good citizenship and integrity. This, it is said, will only be done in the event of Goebel getting the certificate of election. In other parts of the State it is openly asserted that 10,000 armed men will go to Frankfort.

MR. CALVIN BLAND has been very ill some days at his home at Washington.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

The Rev. Irl R. Hicks Almanac.

There is no comparison between former editions, and this splendid almanac for 1900, now ready. Printed in beautiful colors, on much finer paper, its 196 pages are packed with invaluable information on storms, astronomy and meteorology. It is illustrated with nearly 200 finest half-tones and other engravings. This superb book would sell anywhere for 50 cents, but it costs only 25c a copy, and every subscriber to Rev. Irl R. Hicks' now famous paper, Word and Works, at \$1 a year, receives this elegant almanac as a premium. Word and Works is a recognized leader among the best family

and scientific journals, while nothing of its kind can compare with the Hicks almanac. One dollar a year is a nominal price for such unique and useful publications. Professor Hicks has justly, and of necessity, withdrawn his storm and weather forecasts from all free almanacs, having generously given his time and labor free for nearly twenty years. Shootin' STARS

Are one thing and shootin' game is another. The two subjects scarcely bear any relation to one another, unless it be in the disappointment each affords. Weather conditions sometimes interfere in the meteoric event, while the failure to borrow a neighbor's Gun often postpones the other. This is fine weather and the hunting season is on. No need to borrow now, for we are making prices so low this season that every sportsman can afford to own his own Gun. We sold lots of these goods last fall, but are anxious to make this season's sales the greatest in the history of the house and are offering special inducements to that end. In the matter of

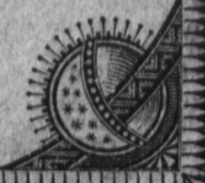

GUNS and Ammunition,

we carry a full line of everything offered by the trade.

Recently we had something to say on the subject of WIRE FIELD FENCE. The large invoice we purchased before the advance in prices has arrived, and we have some convincing arguments in store for prospective buyers who will come in and talk the matter over with us.

IN A DENSE FOG

An Express and Freight Collide With Sad Results.

Toledo, Nov. 22.—Westbound passenger train No. 5 on the Baltimore and Ohio road ran into the rear end of a westbound freight train, near McCool's station, Ind., while running at a high rate of speed, causing a bad wreck, killing Engineer Bradford of the passenger train and injuring Engineer Sarber and two firemen.

The accident occurred during a dense fog. The passenger train was drawn by two engines. No one was hurt on the freight train. Both passenger engines, two postal cars and three express cars were derailed and thrown into the ditch.

The officials of the company state that no passengers were injured.

A RAPID'S FATE.

His Riddled Body Found Swinging From a Tree.

Pensacola, Fla., Nov. 22.—The body of West Lawrence, a negro, who recently assaulted Mrs. W. Bowman of this county, was found swinging from a tree near the scene of his crime in the McDavid neighborhood, torn to pieces with rifle, gun and pistol bullets. Lawrence was captured by an armed posse and taken to the home of Mrs. Bowman, where he was positively identified, and later he was lynched.

Sensation In Russia.

Berlin, Nov. 22.—The Deutsche Zeitung publishes the following dispatch from St. Petersburg: "The czar has instructed Minister of Justice Muraviev to investigate the allegations that M. De Witte (presumably the minister of finance) has been manipulating the bourse to his personal advantage. M. De Witte has made an ineffectual attempt at suicide. His wife requested an audience of the czar, but her request was rejected. Several high financiers and officials are said to be implicated."

Trial of the Kentucky.

Boston, Nov. 22.—The new battleship Kentucky, which is to have her trial trip off the New England coast, has reached this port. The trial will have some features which will make it especially noteworthy. Rear Admiral Sampson will be on board the Kentucky, while the presence of the Texas as a stakeboat, with Captain Sigbee on board also, will add to the dignity of the occasion.

Damaged by Fire.

New York, Nov. 22.—Fire broke out in the 6-story brick building at the corner of West and Morris streets, and within an hour, when it had been brought under control, had damaged the building and its contents to the extent of \$75,000.

Rumor Won't Down.

London, Nov. 22.—A special dispatch from Vienna reiterates the report which was denied last week that the Russians had occupied Herat.

SCHOOL ETIQUETTE

Formulated in Rules and Signed By the Pupils.

[Auburn (Ind.) Spe. New York Journal.]

A new departure which has been inaugurated by the Waterloo High School may be adopted by the schools of the country. About 100 of the pupils have signed their names to the following rules of etiquette:

1. We will not communicate nor ask to communicate while in the school building.
2. We will keep refined positions in our school seats.
3. We will cultivate a light step.
4. We will not ask for individual favors.
5. We will prepare all writing material in the morning.
6. We will make the schoolroom a place of quietude.

These rules on general manners also have been signed:

1. We will not allow others to be more polite to us than we are to them.
2. We will not make ourselves odious in the use of tobacco.

And here are some street manners:

1. We will, on passing people on the street, give them half of the walk.
2. We will not jeer at any one on the street or off the street.
3. We, the gentlemen, will tip our hats to ladies.
4. We will avoid being boisterous wherever we may be.

This novel plan for getting the observance of rules of good behavior has taken a strong hold on the children of all ages.

Antidote for Carbolic Acid.

[New York Times.]

Dr. Kelly has proved by personal experiments as well as by treatment of patients that alcohol is a perfect antidote for carbolic acid. He says that in all cases where poison by carbolic acid has occurred four times the amount of whisky should be given at the earliest moment in case pure alcohol should not be on hand. In the absence of either alcohol or whisky, five times the quantity of ordinary table vinegar should be given. No oil of any kind should be administered. Thus treated early enough, all cases will recover.

Birth-marks which mark and mar the outside of the body are a grief to every mother whose children may bear them. But for every child who bears a birth-mark on the skin there are many who bear an indelible birth mark on the mind. Nervous mothers have nervous children and many a man and woman owes an irritable and despondent temperament to those days of dread when the mother waited the hour of her maternity. The use of Dr. Pierce's Favorite Prescription strengthens the mother for her trial. With strength comes a buoyancy of spirits and quietness of mind, which is one of the happiest gifts a mother can bestow on her offspring. By giving vigor and elasticity to the delicate womanly organs "Favorite Prescription" practically does away with the pain of maternity and makes the baby's advent as natural and as simple as the blossoming of a flower. There is no opium, cocaine or other narcotic contained in "Favorite Prescription."
